

Our whole school topic next term is:
'Welton Wonders...'

We will be focusing on STEM
(Science, Technology, Engineering and Maths)

Welton Primary Home Challenge

Invent something for our...

We would like you to create your own invention to enhance our daily lives. You will need to make a small model of your invention and an explanation about what it is and how it works.

Please bring your invention into school for an exhibition on **Thursday 22nd March** (more details to follow).

BE CREATIVE and HAVE FUN!

Look out for other exciting STEM activities coming your way.

 Don't forget to follow your child's class and our school
[@SchoolWelton](https://twitter.com/SchoolWelton)

Please remember to let us know if parents/grandparents have jobs or interests that are STEM related and would be interested in coming to talk to us.
